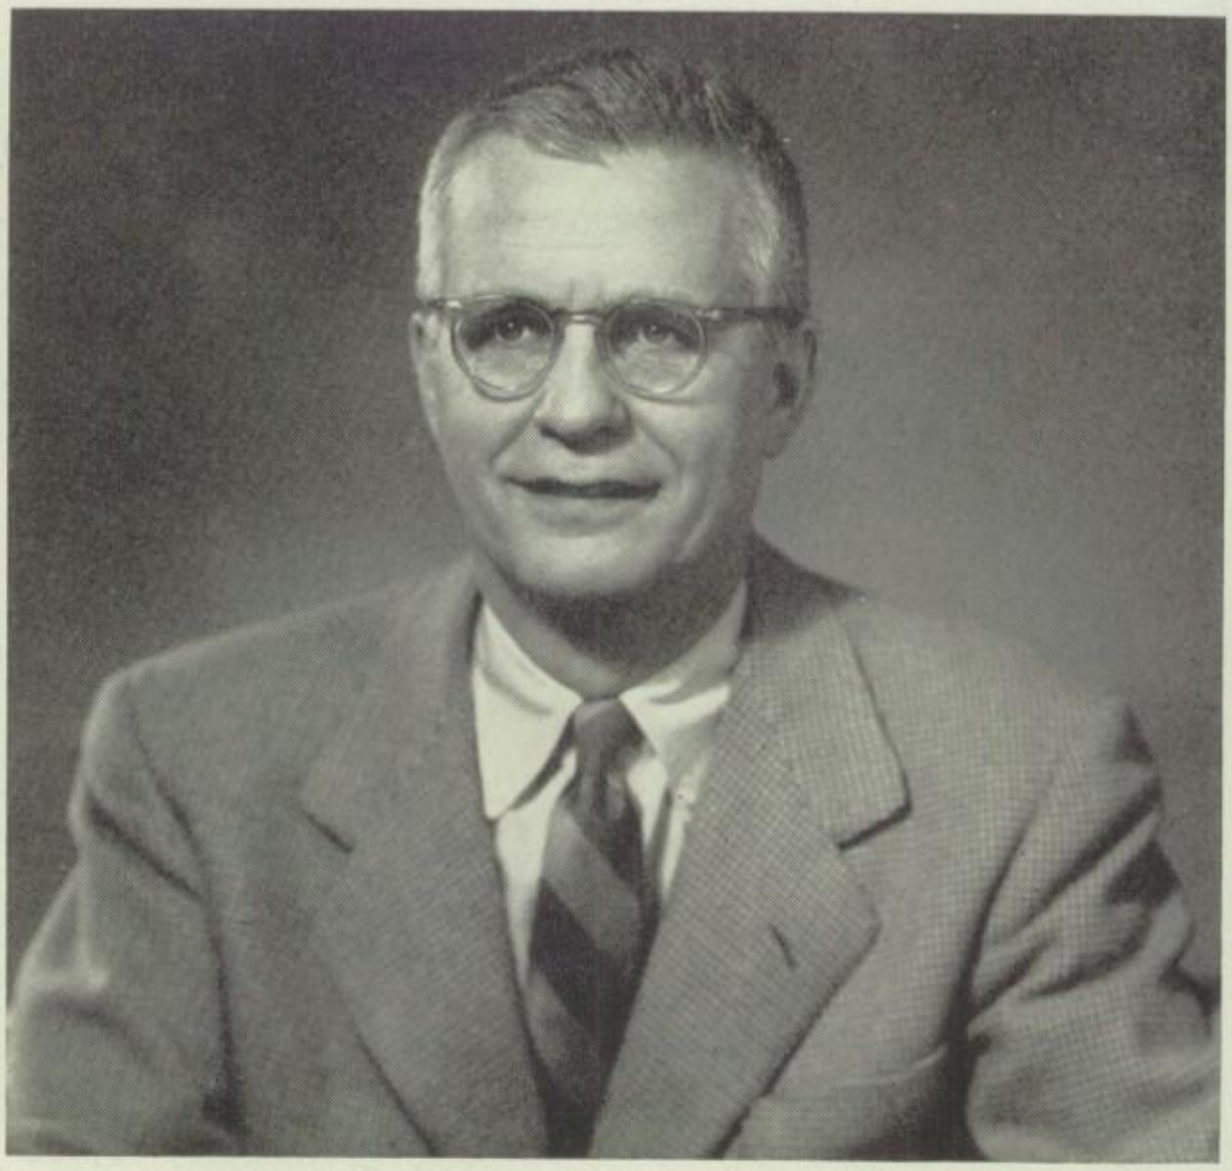
ADMINISTRATION

"New Horizons in Space" — what better theme for a 1953 High School yearbook? With new and increasing developments in communication and transportation we are rapidly becoming a world of neighbors.

Technological science is truly making possible new horizons in the occupational and professional world. You, the present generation, are to witness and participate in an interesting period of world history.

A. E. Westgaard
Principal

One of the basic and possibly the most important of objectives of the high schools in our country is to help young people experience the unveiling of new horizons. The fuller understanding that each young person has of his family, his community, his state, his nation and of his world brings to him great satisfactions and helps him become a more important part of all these groups. Here at Pulaski it is hoped that our young people "see" farther and more distinctly each succeeding day.



W. L. Brauer
Vice-Principal

" . . . Of a crisp and sunny morning of the airy autumn days."

"We shall step upon white down, upon silver fleece . . . "

"Sweet the sweet spring is the
year's pleasant King."

"Pride of summer passing by
with lordly laughter in her eye."

Bewilderment:

Ninth grade was the year the seniors sent us to the fourth floor to classes, told us not to drink from the black bubblers, and sold us elevator passes. It was the year we attended all the noon hour programs and never set foot outside the classrooms without a pass.

Emancipation:

We were Juniors! We felt free from the drudgery of underclassmen. We left our homework go until homeroom period and then rushed to get it done. We worried more about seeing our friends between periods than getting to class on time, and we attended the Prom!

Participation:

As sophomores we began to feel we were part of the school and even knew some of the mighty seniors. We attended all the sports events, dances, and backed our football team to its second City Championship.

Superiority:

We were Seniors! We sponsored "Holiday Frolic". We were busy with all the Senior activities. And when we heard the strains of "Pomp and Circumstance", we felt a little sad because our carefree days at Pulaski were over.

Freshmen:

As Freshies we were bewildered. Were the black bubblers ours to use? Could lowly Freshmen talk to the football heroes? Were we allowed to attend the dances? Did we have to attend those noon hour programs everyday? Were we compelled to have assignment notebooks?

Juniors:

Upper classmen at last! Our biggest event was the Junior Prom, "The Dreamer's Holiday". Wow! What a time! We came home when the birds were singing. The fellows in our class now made the varsity, so the football games were a must.

Sophomores:

As Sophomores we felt a little more secure, although walking to the front of the study hall filled with upper classmen still gave us the shudders. Now we were positive that the spooky noises coming from behind the closed doors of 321 were thirty typewriters going full blast. We still loyally attended the school activities and never missed a day's assignment.

Seniors:

Our minds were filled with thoughts of graduation — a combination of regret and anticipation. We packed the weeks with all the school activities — basketball, football, swimming, dances — because June would soon be here. Some of us looked forward to college and more fun, but even those days wouldn't make us forget our happiest days at our high school alma-mater.

BUSY BEES IN '53

ALL AROUND

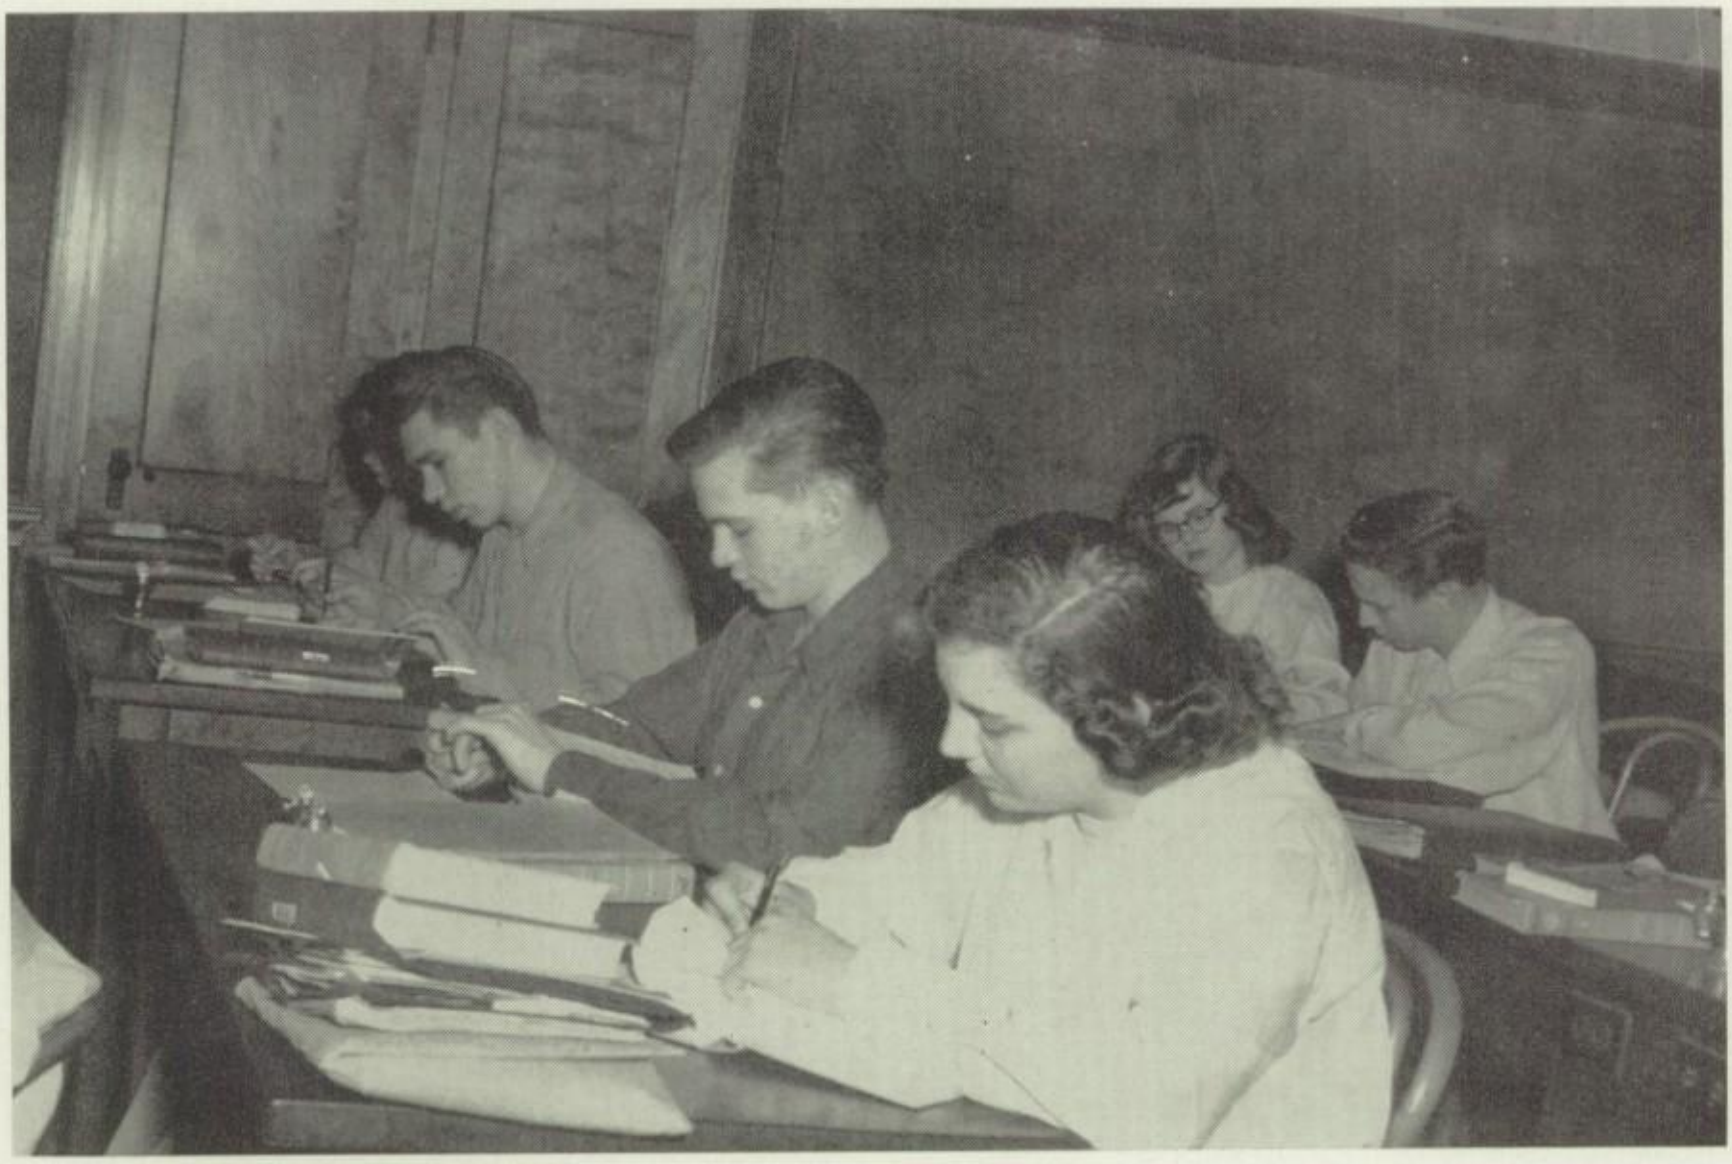
ENGLISH DEPARTMENT

The English Department has a twofold purpose: to teach students the language skills of effective writing and speaking and to stimulate cultural appreciation and human understanding by the study of literature. Students can thus develop into well-rounded individuals with an appreciation of beauty and culture and a sense of their social and mora obligations.

Being able to speak well is a necessity in order to go out successfully into our complex world of today. Our speech course offers us the fundamentals of conversation, public speaking, and dramatics. The course may be taken in the junior year with English, or in the senior year after successfully completing six semesters of English.

SPEECH DEPARTMENT

SCIENCE DEPARTMENT



The Science department helps pupils understand, appreciate, and adjust themselves to the environment in which they live. It is well equipped to incite in its students an interest in some of the scientific possibilities which stem from the development of atomic energy so that they will be able to play a useful part in the advancement of society.

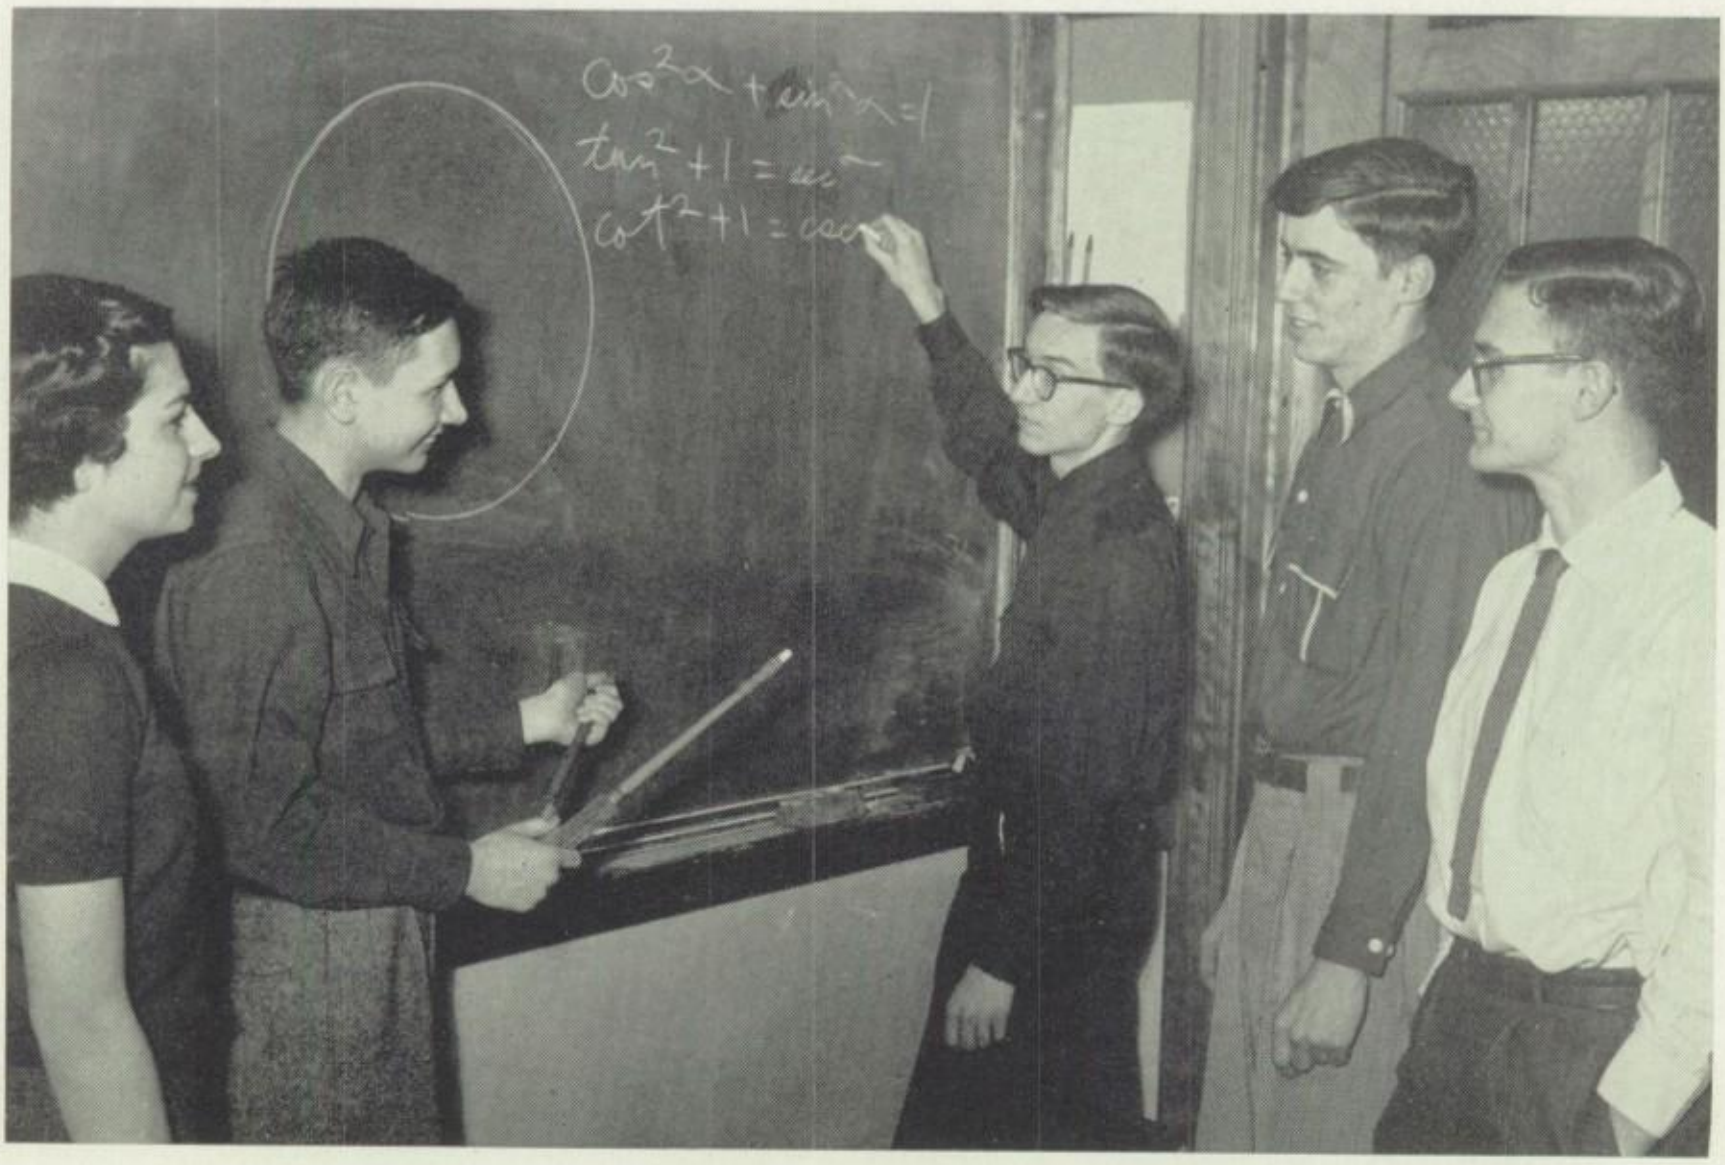
The Social Science department is a must for all students, since the course deals with the meaning, ideals, and purpose of freedom and democracy. We learn how to preserve them in these troubled times and are given a better understanding of our country, state, community, home, church, and school and what these agencies are trying to do for us.

SOCIAL SCIENCE DEPARTMENT

COMMERCIAL DEPARTMENT

The Commercial department is the nucleus around which all business education is derived. Its purpose is to supply the students with a knowledge of the development of the commercial world and to provide them with the proper skills they need after graduation. Commercial students are rewarded by acquiring an excellent background and foundation to become competent business men and women.

Whether for college, industry, or for every day living, mathematics helps to equip us for our future. Mathematics are a part of almost everything in our lives, especially the production of all our modern conveniences. Pulaski students are being trained for the future in which they will help provide even more modern items than now exist with their mathematical knowledge.



MATHEMATICS DEPARTMENT

FOREIGN LANGUAGE DEPARTMENT

At Pulaski a student has the opportunity of studying French, German, Polish, Spanish, or Latin. The modern foreign language classes emphasize speaking ability in the first and second year, and the study of literature and finer arts in the last two years. A large part of the time is spent on written composition, formation of the language, and the history of the country involved.

Pulaski's Home Economics department is designed to help the homemaker of tomorrow to learn how to manage and maintain happy homes. Preparing meals, making garments, studying child care and money management are included in the Home Economics Course. This course includes Clothing, Foods, Cafeteria Management, and Family Living for all students.

HOME ECONOMICS DEPARTMENT

ART DEPARTMENT

Our art department provides a greater appreciation of the art of enjoying everyday living and the chance to branch out in a particular phase of art for any interested Pulaski students. The department also extends opportunities to students who wish to draw for the benefit of others in their spare time. Last year the Children's Hospital was presented with a beautiful mural from this group of artists.

The industrial arts department offers not only knowledge and practical experience in the use of modern machinery and tools, but also important fundamentals of industrial skills. Classes are offered in all stages of metal and wood working, auto, radio, and mechanical drawing. These classes are taught to allow the young people of today to acquire a firm foundation of mechanical and industrial skills for use after graduation.

INDUSTRIAL ARTS DEPARTMENT

PHYSICAL EDUCATION DEPARTMENT

Pulaski is prominent in city athletic competition, but believes in a school program whereby all may join in sports. Our physical education program gives both boys and girls a chance to display their athletic ability in class competition. A health education class for girls is also a part of this well-organized department. We have football, swimming, tennis, and golf in city competition. We provide intramural competition in basketball, volleyball, tagball, table tennis, softball, and wrestling.

Our "junior set" at Pulaski have their homerooms on the third floor of our building. Art and English are combined by using marionettes which the students made in plays. The seventh and eighth grade boys take shop and the girls take sewing and cooking. One of their most recent projects is editing their own newspaper called the **Junior High Weekly.**

VARSITY

Suffering their worst season in eight years, the 1952 Pulaski football team finished a disappointing 9th place in the city conference, winning two and losing six games. The two victories were over Juneau and South. Although defeated six times, the Ramblers were never scored upon for more than 15 points, and twice were beaten by only a single point.

Heavily favored Boys' Tech, the 1952 city champions, had all they could do to squeeze out a 14-13 decision. Trailing 14-0 at halftime, the Ramblers, keyed up for this homecoming game, roared back and converted a recovered fumble by Paul Scharmach on the Trojan 20 into a score. Then, late in the fourth quarter, Don Klase plowed his way for the Wozny-men's 2nd touchdown. Tom Ruffing's attempt for the point after, which would have tied the score, was blocked, and the threat was ended.

One of the brighter moments of the campaign was the 27-13 defeat of South. Holding a scant 7-6 lead, the Ramblers took the second half kickoff; and on the very first play from scrimmage, Bob Modrezejewski gathered in a short screen pass and went 52 yards for the T-D. Moments later, Bob Mikolajewski broke

over the center and scampered 72 yards for the third score. Don Klase added the final tally following a blocked punt by end, Dick Sujecki on the Cardinal 2. Ruffing converted after three of the T-Ds.

Pulaski ended its season on a sad note, losing to its southside rival Bay View, 13-6. Dominating play throughout the first half, the Red and Blue bogged down after the loss of Klase and Mikolajewski through injuries. The Red Cats overcame an early 6-0 lead and stormed ahead, 13-6. Unable to generate an offensive drive, the Ramblers were kept in a hole for the remainder of the game and never penetrated beyond their own 40. The Bay's victory entitled Pulaski to the traditional wooden football, which marks the first time we have received it.

Four boys from the squad were honored by being chosen on the second string all-city teams. Don Klase and Pete Juszczak were the Journal's selections, while Tom Ruffing and Paul La Marche were the Sentinel's choice.

Although the 1952 record wasn't impressive, we are still proud of our team. We expect a good team next year. With a large number of first stringers returning, plus the large number of Frosh-Soph material, our team should give a good account of itself.

FROSH-SOPH FOOTBALL

The Junior Ramblers are under the direction of Coach Thurner and assistants Mr. Mehail, Mr. Calabresa, and Mr. Bauman.

A surprisingly strong Tech team defeated Coach Thurner's boys, 18 to 0. Bitter from this defeat, they had a thriller with South which was decided in the last minutes. South won, 7 to 0. After two losses the Frosh-Soph defeated Juneau, 6 to 0. To keep the ball rolling, they defeated Bay View, 13 to 0, at Bay View's own field. With a record of two wins and two losses, the Junior Ramblers lost to Lincoln, 19 to 0.

The Freshmen team defeated Notre Dame, 13 to 0, on our field. Although the Frosh-Soph didn't have an impressive record, they still had a great team.

John Moldenhauer, Chuck Malinsky, Tom Wallock showed outstanding play in the line. George Cwikolowski, Tony Borzykowski, George Barr and Bob Ruszewski showed up well in the backfield.

WATER BALLET

The **Water Ballet** is a group which meets every Tuesday and Thursday under the direction of Mrs. La Verne Dougherty that is interested in synchronized swimming. The club has officers which help carry out the various duties of the club. This year the officers are: Rita Zaharias, President; Carolyn Semrau, Vice President; and Rita Manion, Secretary-Treasurer. Each year this group spends much time and practice in preparing for their annual performance. "Neptune's Fantasy" was the name given to this year's performance. The group swam to the music of various countries and wore costumes fashioned after the dress of the country being interpreted.

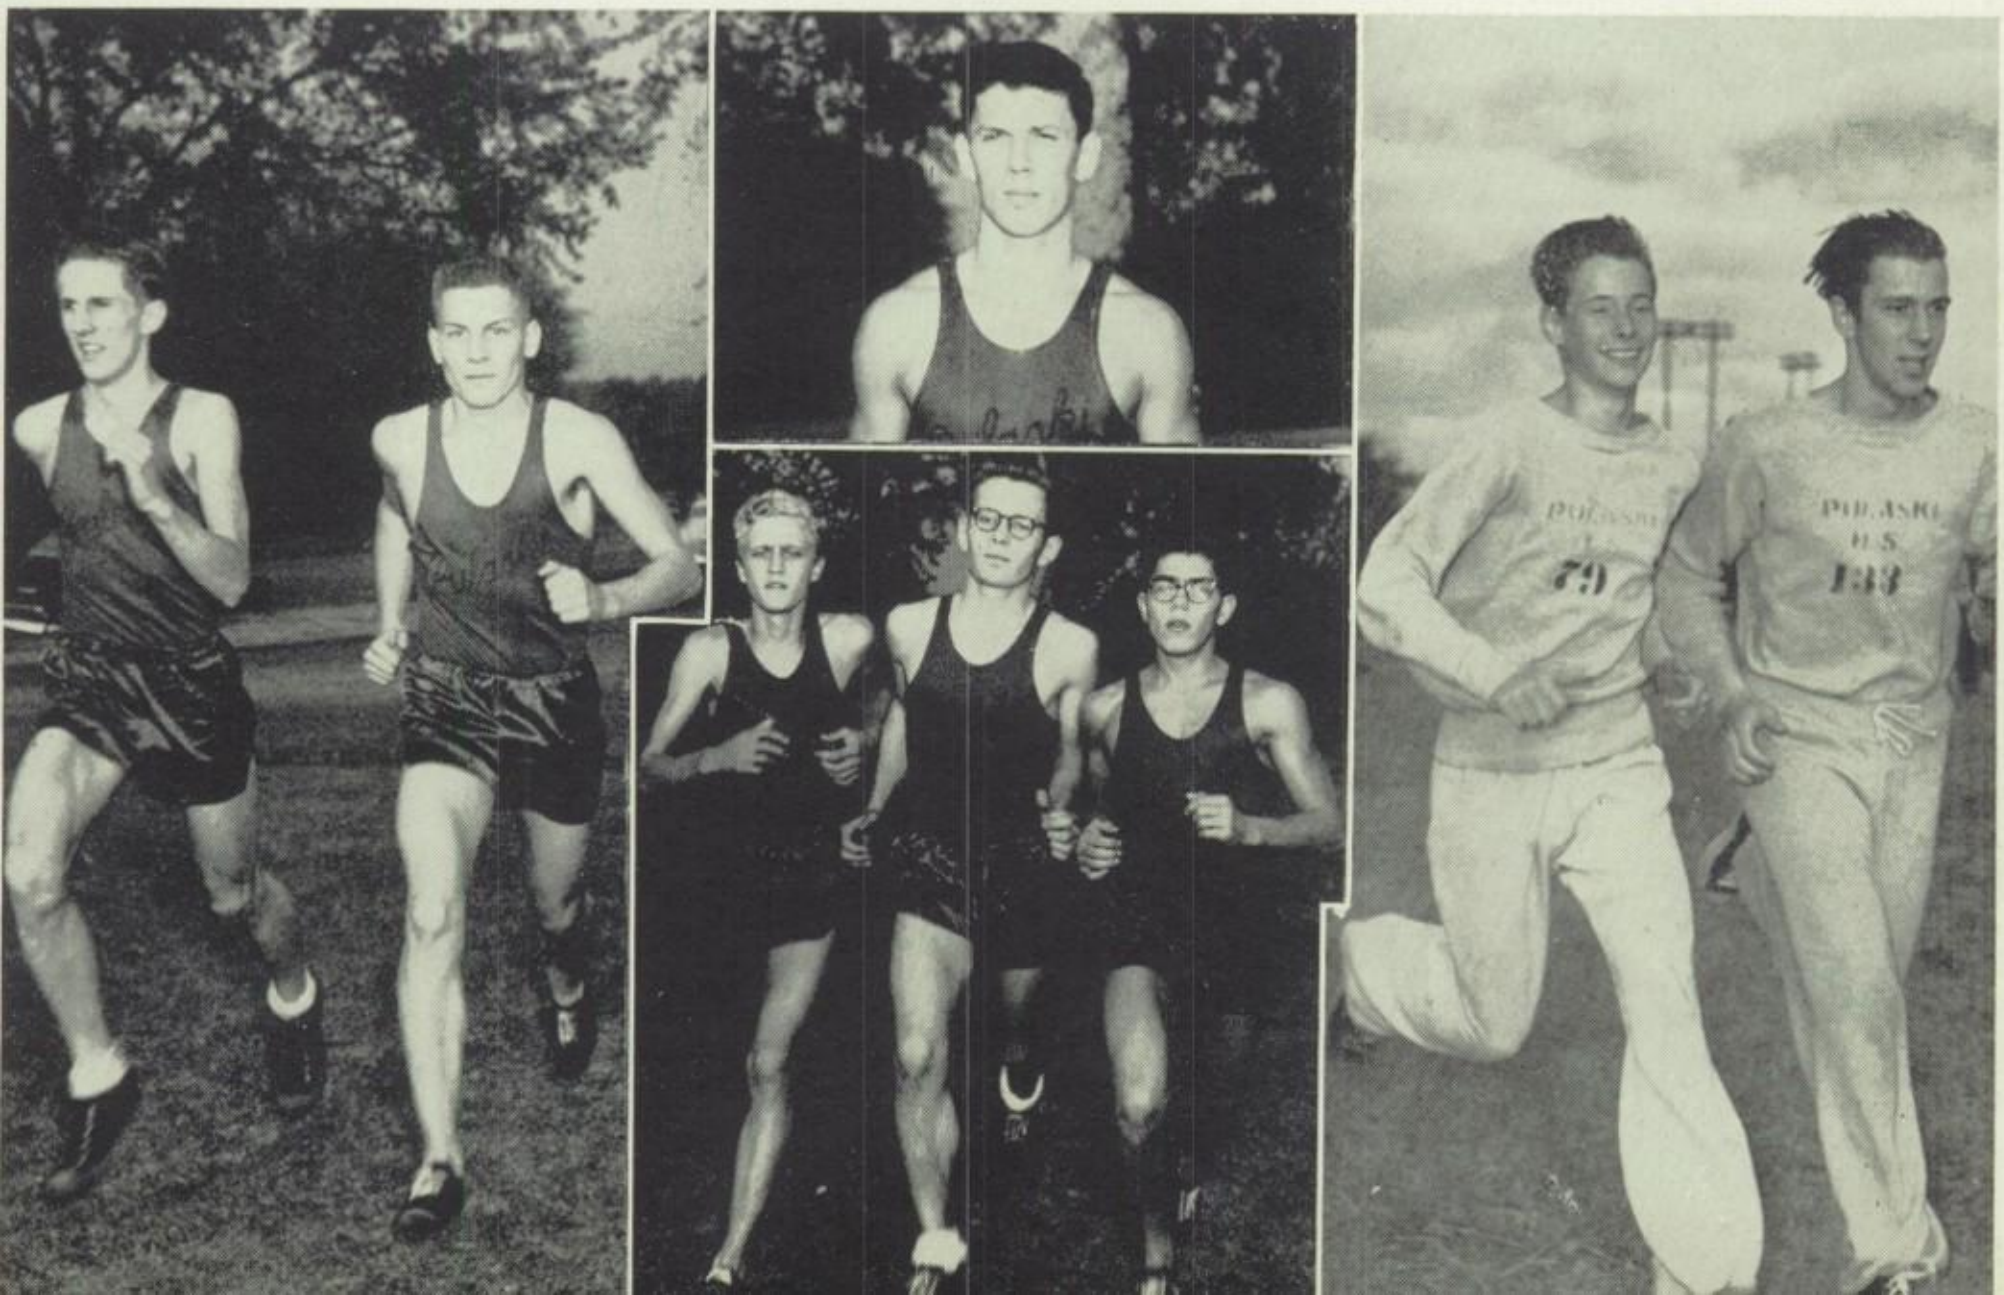
Row 3: Coach Kezele, D. Swanson, J. Stoebich, J. Hauke, R. Sobczyk, Capt. J. Weisto, T. Trzcinko. *Row 2:* M. Sande, R. Witalis, G. Rubow, R. Over, J. Olson, J. Jagielski. *Row 1:* J. Gaspar, M. Price, G. Brzakala, J. Qualey, T. Hauke, J. Albert.

CROSS COUNTRY

With only one major letter winner returning, Coach Kezele strived to build a champion team. Although they tried, the squad did not quite reach the goal of champions.

Teams which were defeated by the squad were Lincoln, Tech, Marquette, West Allis Central and Juneau. The varsity made up mostly of Seniors placed tenth in the state finals.

All seniors received major letters. They were: Jerry Hauke, Joe Jagelski, Russ Sobczyk, James Olson, John Wiesto, and Donald Swanson. Minor letter winners were Jerry Albert, Tom Trzcinko, John O'Malley, Glen Rubow. No numerals were awarded.



Row 2: J. Neuenfeldt, P. Juszczak, P. Juszczak, R. Dzioba, R. Mathis, J. Stoebich, W. Chaney, Coach Pauly. *Bottom Row:* J. Bleth, J. Olson, H. Springsteon, J. Albert, T. Chaney, R. Berghoefer, R. Polachowski.

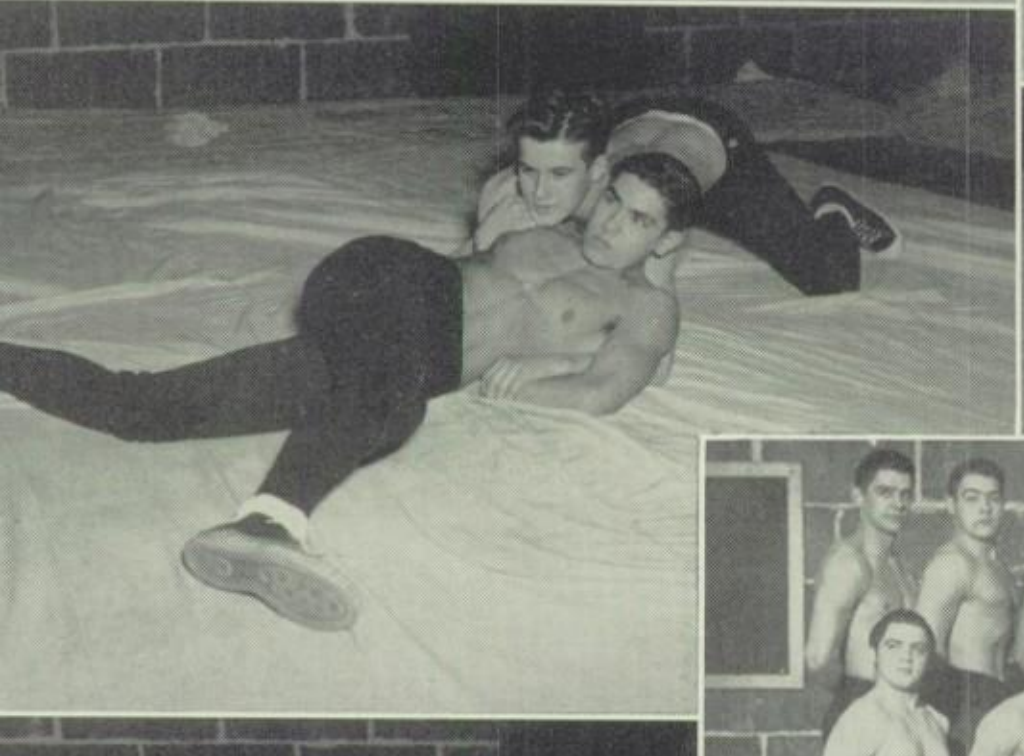
WRESTLING

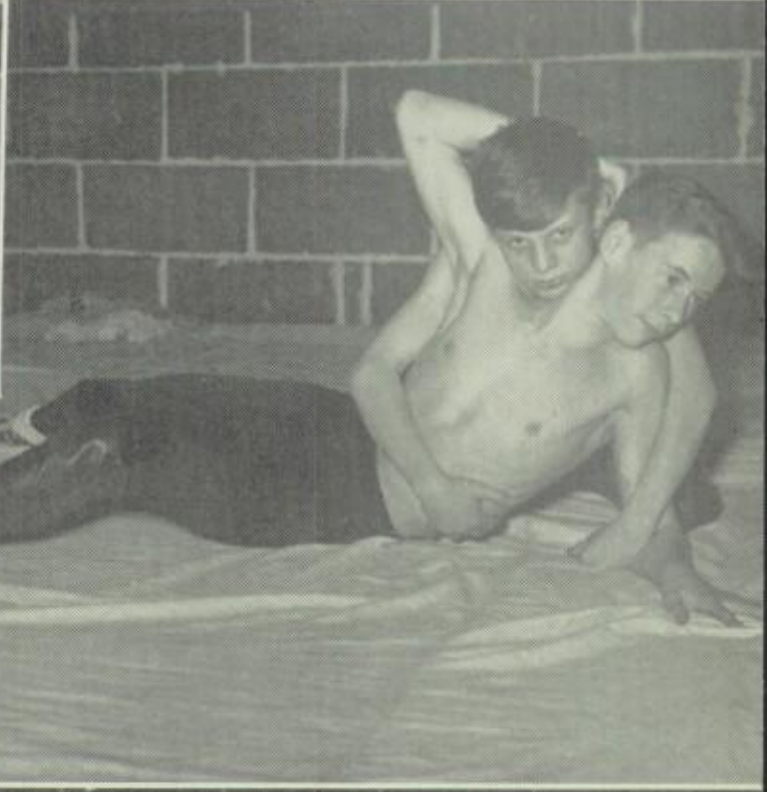
With the return of only three major lettermen, the Pulaski grapplers completed a successful season. The boys won five of the thirteen dual meets. The dual meets started with an overwhelming victory over Zion Benton, 29-15. Tech proved to be two easy victories, 24-12 and 25-15. King also was defeated twice, with their winning only one bout. The final scores were 33-5 and 24-12.

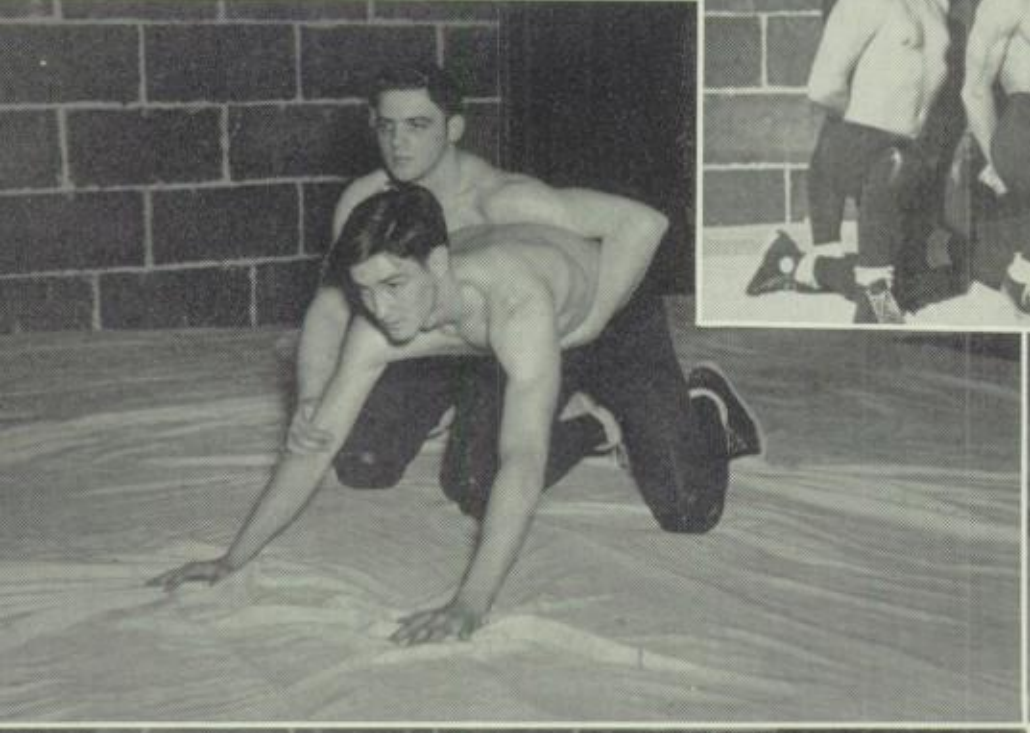
Although the team only won five dual meets, the other meets were hard fought and were not given up until the end. When Pulaski met South for the second time, the boys were out to break South's winning streak. It was a close meet and not decided until the last bout, Pulaski coming out on the short end, 21-15. In this meet Jim Olson was injured and unable to compete in any other meets.

Wayne Chaney and John Bleth scored most of the points in the dual meets. They finished the season undefeated. Coach Pauly's boys had high hopes for the city meet with the shifting of boys in different weight classes. The Ramblers failed to take first place, but took a tie for third place. Of the ten boys, only one was crowned city champ, John Bleth in 155 lbs. class. Wayne Chaney took a second in 145 lbs. Other boys who placed third and fourth to gain points for Pulaski were: Ray Fellows, 112 lbs., Robert Berghoeffer, 120 lbs., Joe Stoebick, 128 lbs., Harold Springsteon, 136 lbs., Pete Juszczak, 165 lbs., and Paul Juszczak, 180 lbs.

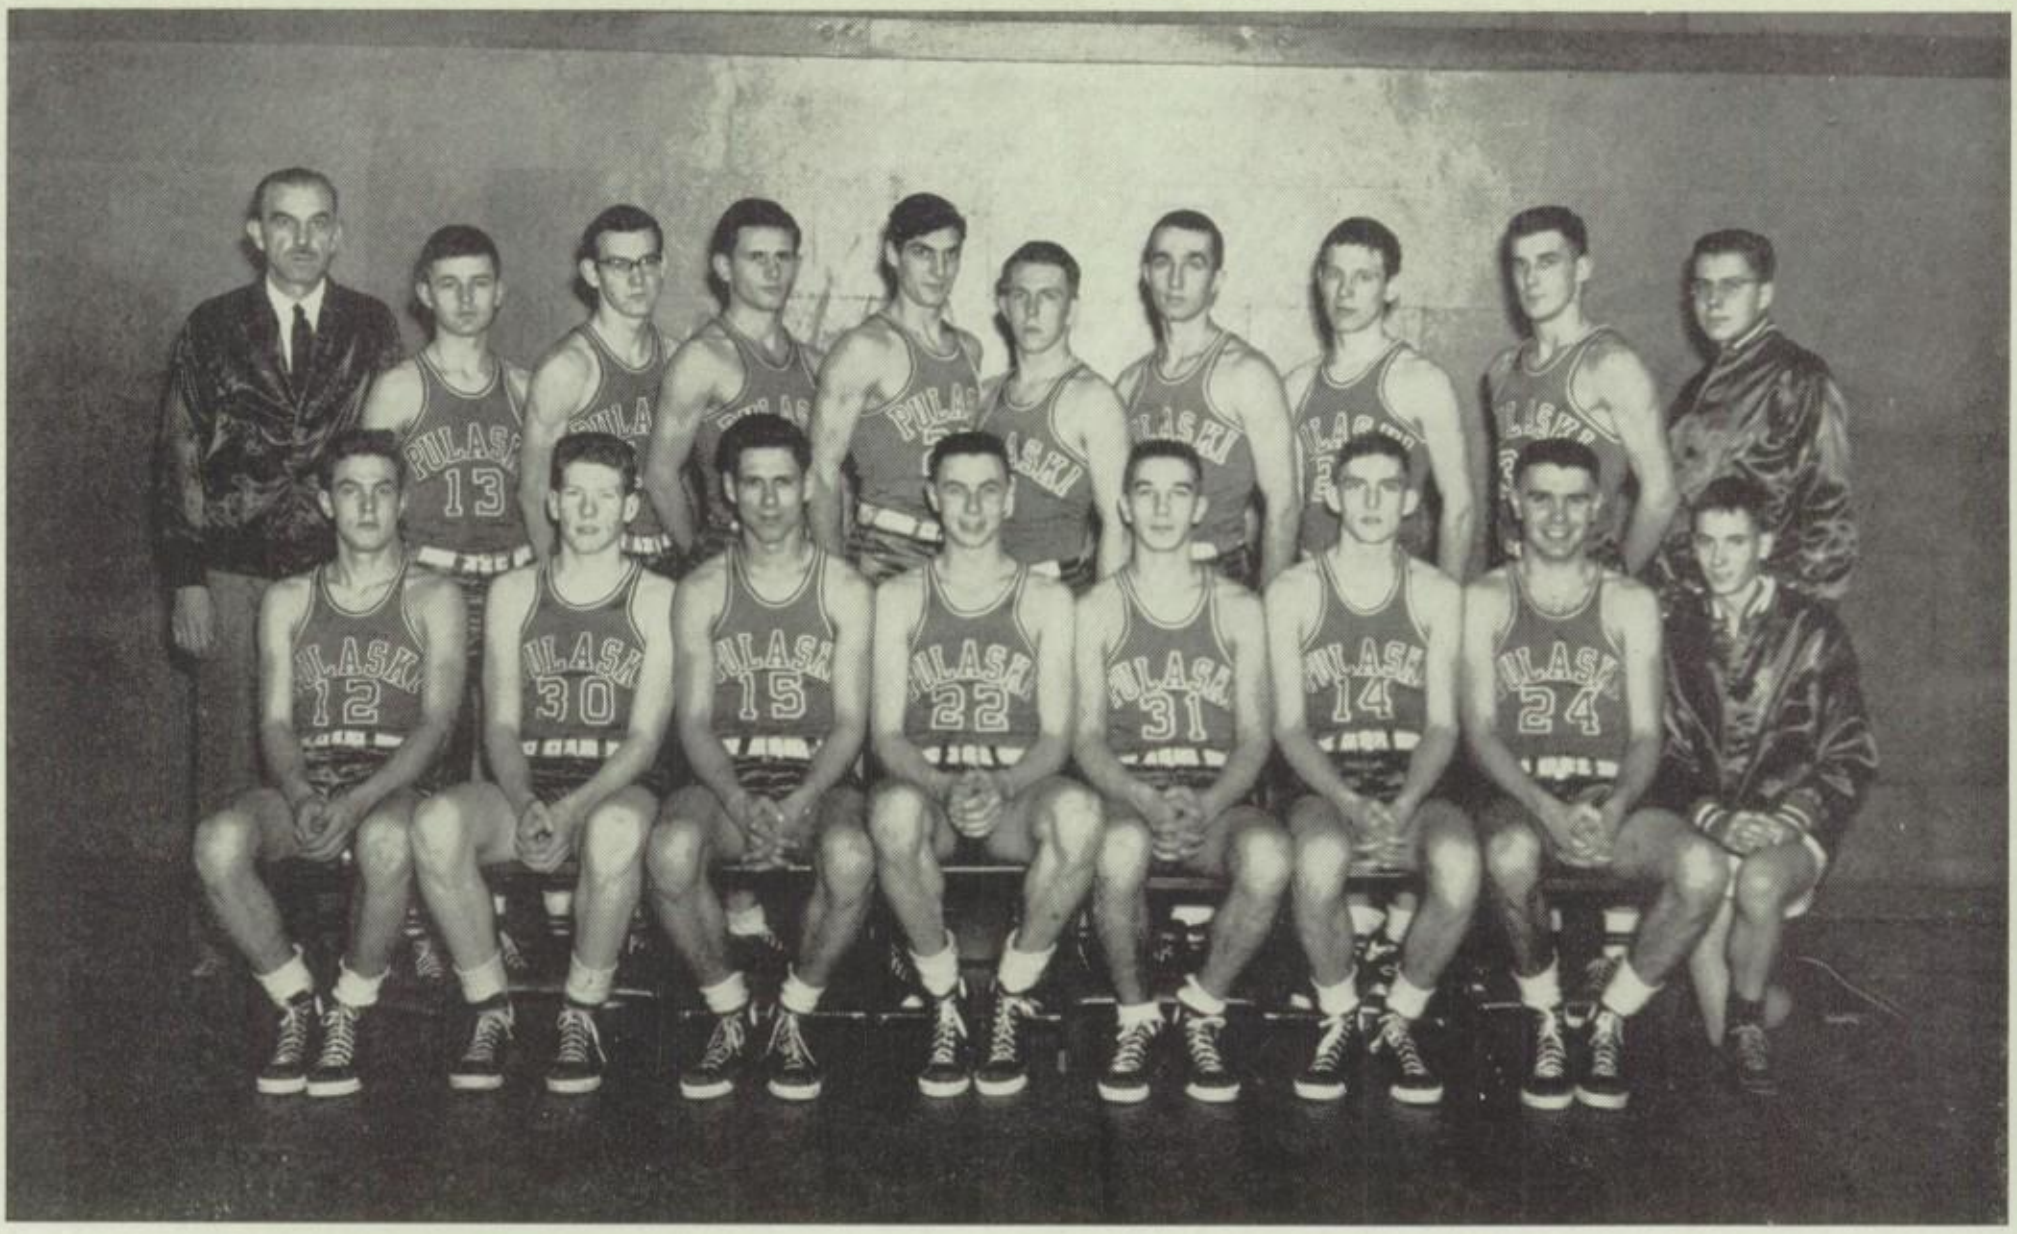
The next week the boys went up to West Milwaukee for the State Sectional. Our city champ, John Bleth, was unable to wrestle due to an injury suffered in practice. Only two boys were successful to qualify for the State Meet at Madison. They were Pete Juszczak, 165 lbs. and Paul Juszczak, 180 lbs. Wayne Chaney took second, losing on a referee's decision. Boys who scored points were: Polakowski, 103 lbs., Jerry Albert, 112 lbs., Joe Stoebick, 128 lbs., and Chuck Malinski, heavyweight. Pulaski finished fourth in the State Sectional. With hopes high, the Juszczak brothers traveled to Madison. The trip proved to be very successful with both boys winning in their respective divisions, thereby giving Pulaski fourth place in the State Meet.







GRUNTS AND GROANS



Row 2: Coach Steffen, J. Wendorf, J. Wisniewski, R. Mlynczak, F. Skornia, R. Wallock, P. Scharmach, E. Markunas, T. Laschen, Mgr. G. Wanek. *Row 1:* N. Jordan, J. Metz, J. Radtke, R. Otto, T. Walecki, R. Sujecki, T. Ruffing, Mgr. R. Simpson.

VARSITY BASKETBALL

For the first season in Pulaski's history, Coach Walter Olen did not lead the cagers. Upon his retirement from coaching duties, Mr. Kenneth Steffen took over the reins and directed the Ramblers to an outstanding season record. The team won 12 games and lost only 3, finishing a strong runnerup to South for the City Championship.

Displaying a balanced scoring attack in non-conference tilts, our locals crushed a hapless Fond du Lac five, 61-42, and rallied to nip St. Catherine of Racine, 66-59, only to be defeated by Notre Dame in a tight defensive duel, 50-47.

Pulaski muffed a golden opportunity to retain their city title by dropping a thriller to South, 64-59, in the conference opener. South breezed through the remainder of their schedule to become the first undefeated city champions.

Regaining their winning ways, the Ramblers knocked off West, Lincoln, Juneau and Tech in succession. The last hope for a title tie was eliminated as Bay View rose to spring an upset on our cagers, 62-58, in an overtime contest.

After smothering a North quintet, 68-43, Pulaski played host to second place West Allis Central of the Suburban League. The "Bulldogs" made a game of it for two quarters, but fell apart as the Ramblers surged ahead. The final score was Pulaski 55, W. A. C. 46.

Rounding out the season in a grand fashion East, King, Custer and Washington all bit the dust. The Ramblers went on to place fourth in the sub-regionals losing to South Milwaukee, 57-45, beating Nathan Hale, 59-48, and dropping a 50-44 decision to Racine Park.

Pulaski placed three men on the all-city teams; Tom Ruffing at guard, Dick Otto at center, and Tom Walecki at the forward spot. Walecki was a consistant scorer all season and finished 4th among league scorers with 195 points. Dick Otto, with a sensational second semester spurt, ended up sixth in scoring with 165. Although Ruffing wasn't the point maker that his two teammates were, his fine defensive play and outstanding floor game earned him his recognition.

Other members who contributed greatly to the Steffenmen's success were Norm Jordan and Dick Sujecki and subs, Jim Radtke, Ed Markunas, Terry "the Tiger" Laschen, Paul Scharmach, Francis Skornia, Jim Wisniewski, Bob Walloch, Jerome Wendorf, Richard Mylnczak, and James Metz.

FROSH-SOPH BASKETBALL

Coach Thurner's Junior Ramblers compiled a city conference record of seven wins and four losses, and a season record of nine wins and five losses.

In conference play, our spirited Frosh-Soph defeated South, Juneau, East, North, Washington, Custer, and Rufus King, while losing some close games to West, Lincoln, Boys' Tech, and Bay View.

Jerome Andraszczyk, George Cwiklowski, Bob Over, Archie Dyszelski, and Tom LeClaire bore most of the burden. Jerome Andraszczyk was high scorer with 67 points in conference play.

Coach Thurner is assisted by Mr. Paul Baumann and Mr. Norman Gradecki.

SWIMMING

Coach Matt Wielgosz's mermen ended the '52-'53 swimming season with a splurge of victories.

The season began to prove to be successful after Pulaski's swimmers downed South, East, Boys' Tech and the traditional south side rival, Bay View. Individuals of the squad set up records in the fifty and one-hundred yard free style. Two trio teams set up new records in the four-hundred and six-hundred yard events.

The annual Yale, Harvard dual meet between members of our squad was won by the Harvard team by the score of 43-40.

During the process of winning the tenth city championship in a row, a trio from Pulaski set a new city record in the one-hundred fifty yard medley relay. The Ramblers scored a decisive victory in the city swimming meet by adding up sixty-eight points in comparison to the nearest contender who had forty-eight points.

The City Relays held in our tank were also won by Pulaski's mermen with a total of sixty-six points. Although the Cardinal Relays were not a complete victory for the squad, a quartet made up of Weisto, Racinowski, Bauman, and Hoeft took the breast stroke relay. Each of the boys were awarded a gold medal. Toward the end of the season the squad downed Washington, lost a close meet to Waukesha, the score being 42-41, and defeated Kenosha in one of the most inspiring and successful meets in recent years. To bring the season to a close, Pulaski's Ramblers faced the Tosa Red Raiders in the State Meet. The final outcome of that meet found our squad in fourth place.

Besides winning the majority of dual meets, individual members of the squad were honored by receiving the City Aquatic Title. Seven members of Pulaski's squad received these honors. They were John Weisto, Lee Drosen, Bob Snedigar, Bill Hoeft, Jack Weber, Bob Kuszewski, and Dick Stueber.

TRACK

Coach Harold Jankowski, assisted by Mr. Alfred Thurner and Mr. Dominick Calabresa, expects the 1953 track team to come through with a successful season. Bob Snedigar, last year's outstanding shot putter and captain of the team, is the only returning major letter winner; but a host of prospects loom to bolster the squad.

In the Inter-class novice meet, neld at our school to determine track prospects, the sophomores beat the freshmen, 23 1/3 to 37 2/3, while the seniors beat the juniors, 26 to 55.

Boys who were chosen to rack up points for us are John Weisto, co-captain, Jim Olson, Tom Wallock, Bill Kumprey, Terry Lashen, Harry Kaeser, Dick Knuth and Carl Cornehls.

GOLF

Pulaski's 1952 golf team, under direction of Coach Max, howed a fine record in their dual meets by winning all natches. With the return of all the boys who won city hampionships in 1951, the team again won the City Championship.

The golf team finished fourth in the Hartford Invitational nd fourth again in 1952 State Meet at Janesville. They howed their skill further by winning the medal championhip and the league match championship in the city. The hampions were Robert Vigue, the medalist with 76, Allan ress, Robert Dzioba, and Earl Barwick. The golf team is ow looking for another successful season in 1953, with he return of five major and four minor lettermen. Allan Kress, Robert Dzioba and Earl Barwick, members of the championship team, are returning, and with the added help of John O'Malley to fill in the vacant spot created by the loss of Robert Vigue, they are expected to make the 1953 team a power house.

The B-squad also looks very strong with many numeral winners returning. There are many new boys who also look very promising.

Major lettermen: Earl Barwick, Robert Dzioba, Allan Kress, John O'Malley.

Minor lettermen: Jerome Chojnacki, Thomas Ruffing, Ronald Schroeder, Wayne Borchardt.

May 21 — Class Play — Her Friend The King.

May 22 — No, it's not in three dimensions.

May 25 — A wrestler was asked who gave him the black eye.

May 26 — Nobody. I had to fight for it.

May 29 — Report Cards — "It's in the Book."

June 2 — England's Coronation is copied from our prom.

June 8 — Honor Day Program—I issued the most bubbler passes.

June 16 — It is now quite clear. That it's "so long" until next year.

STUDENT SERVICE COUNCIL

The Student Service Council is one of the most important committees in our school. The council, under the supervision of Miss Ruth Manion, put into effect the Honor Study Hall system which has become one of its most valued accomplishments. Some of its activities during the year are the tryouts for student public address announcers, the sponsoring of pep rallies, especially the Homecoming rally, and also dances after basketball games as well as many other special occasions. Their greatest aid to the community was the distribution of Thanksgiving baskets, which the home-rooms had prepared. to needy people.

SENIOR ORCHESTRA

Among the different musical organizations found at Pulaski, the Senior Orchestra is to be given credit for its outstanding effort. This orchestra is directed by Mr. Edward Zielinski and participates in different programs during the year. The Spring Concert, noon hour programs, and the musical background for Commencement Exercises are some of their most important presentations for the year. The students must have previous experience in the Junior Orchestra before they can be accepted into the Senior Orchestra.

SENIOR BAND

The Senior Band, under the direction of Mr. Hillier, plays an important part through our entire school life. It gives everyone an inspiration and thrill to watch the band members march onto the field at a football game and give one of their outstanding performances. You are able to hear them at many school functions during the course of the year. Some of these occasions are pep rallies, the Honor Day program, the Spring Concert, or the Christmas program. In addition to their other activities, the band gives a concert at Rufus King High School once a year.

A CAPPELLA CHOIR

Pulaski can be proud of its musical group, the A Cappella Choir, which is under the direction of Mr. Niefer. Their magnificent performances at Thanksgiving, Christmas, Spring Concert, Commencement exercises and other programs is a credit to the school. To be a member of this group is the goal of every aspiring singer at Pulaski. A select group of students are chosen to participate in the All City Choir, which is held every two years. This year it is being held in conjunction with the Music Educator's National Conference.

BOYS' GLEE CLUB AND CHORUS

The Boys' Glee Club, directed by Mr. Melvin Hillier, serves as a stepping stone to the A Cappella Choir. The only requirement for entering the Glee Club is the willingness to co-operate with Mr. Hillier and the rest of the class. The boys participate in the Spring Concert and the Christmas Program along with other performances throughout the year. They sing a variety of songs including the Negro Spiritual — **Go Down Moses, Dry Bones** by Fred Waring, and **Gypsy Life.** They also sing gay college songs and popular and semi-classical numbers.

The Chorus is composed of boys and girls interested in gaining a more thorough knowledge of reading notes and preparing for the choir. This group is directed by Mr. Alfred Niefer and participates in various programs.

GIRLS' GLEE CLUB
MELVIN HILLIER, DIRECTOR

The Girls' Glee Club, under the direction of Mr. Melvin Hillier, provides a chance for girls to learn more about music and gives them an opportunity to qualify for the A Capella Choir. The Girls' Glee Club participates in several musical performances which are put on by the school during the year. Their main performance is the Spring Concert. The girls in pastel formals did a superb job in previous years' concerts and gave an even better display of their talents this year. Some of the songs which the group presented in the concert were **Shadow Waltz, Torrents in Summer,** and **Steal Away,** a Negro Spiritual. The Glee Club's presentations are some of the best in the city.

NEWSPAPER

As we anxiously look over the monthly issue of the **Cavalier** for names of our friends and sometimes even our own, we never stop to think about the long hours of work put into the preparation of the newspaper. Behind the interesting columns of school news, sports, and other bits of interest, we find that proof reading, last minute copy work, pasteups and trips to the printers make up only part of the job of our able staff. The paper, as a finished product, brings a little feeling of pride, though, and responsibility to those whose energy went into the preparation of the **Cavalier,** Pulaski's news publication.

QUILL AND SCROLL

Quill and Scroll, international honor society for high school journalists, has a limited membership, so certain standards are set. They are: the student must be a senior; he must be scholastically in the upper third of his class; he must have done superior work in some field of journalism; he must be recommended by the supervisor governing publication; and he must be approved by the executive secretary. Ralph Graves and Edmund O. Olszyk Faculty Advisers.

BLUE MASK

Blue Mask, one of the oldest organizations at Pulaski, was organized back in the barrack days by Miss Pearl Richards. Students are eligible to join the club if they are in their second semester of speech and have proved themselves capable of mastering all the speech techniques. From a group of amateurs such as this, future actors and actresses may be instructed under the professional guidance of Miss Pearl Richards.

CLUBS

Industrial Arts Service Club

During the Homecoming Pep Rally, the Industrial Arts Service Club put on an excellent showing. They were the boys who, under the supervision of Mr. Harold Schulz, made the props for the comical part of the rally. However, this is not the only service they provide. Whenever there is a prop to be made or a repair job to be done, they do it with the utmost perfection, showing school spirit at its best.

Science Club

The twenty-five students of the Science Club, a member of the Science Clubs of America, meet with Mr. Richard Hall every Monday. The club sponsors an annual fair to acquaint Pulaskians with their special scientific projects. Each member pledges to: "Encourage the study of science, understand the ideals and standards of the organization, and be of some service in the field of science to the state and to the nation."

Stamp Collectors Club

Every Monday during the eighth hour the Stamp Collector's Club meets under the supervision of Mr. Raymond Shaw. These stamp fans enjoy looking over each other's collections or trading with one another. The club frequently holds stamp auctions. Each member has his own specialty, such as collecting only bird and boat stamps while others may collect only first day edition stamps.

Audio Visual

Mr. George Winkler's audio visual crew of 31 boys are constantly at work watching dials, turning nobs, and seeing that everything is under control at school functions. The crew gave up a little extra time to make the Halloween dance and the Homecoming Hop more enjoyable by setting up and running the loud speakers, and made possible the showing of all movies that are seen during classes and noon hour programs.

Ballroom Dancing

The Ballroom Dancing Club, under the direction of Mrs. Viola Hancock, is organized to teach the fundamentals of such dances as the Fox Trot, Waltz, Bunny Hop, Two Step, and the Tango. These students, who meet every Thursday in the club room, gain poise and ease on the dance floor and acquire many new friends. When Prom-time rolls around, these boys and girls will be there.

Junior High School Band

Mr. Melvin Hillier has established the Junior High School Band to teach the fundamentals of band work to inexperienced Junior High students which will enable them to join the Senior Band when they are freshmen. Three of the fourteen students enrolled in the club have already been admitted into the Senior Band while they continue their Junior High work.

Camera Craft Club

Pulaski students interested in photography may further their interest by joining the Camera Craft Club supervised by Miss Ruth Manion. Members of the club are studying picture-taking, developing, printing and enlarging which will instruct the beginner in photography fundamentals as well as give the advanced students valuable experience for further study in the field of photography.

Senior Planning Committee

The Senior Planning Committee, supervised by Mr. William Tiernan, consists of one elected member from each senior homeroom. The committee has proved its usefulness by carrying back current senior information to their homerooms, by assisting with the various tests that seniors are required to take, by helping in the planning of college and vocational day programs, and by conducting the elections for class officers.

DOUBLE QUARTET

MR. MELVIN HILLIER

The boys of the Double Quartet specialize in barbershop harmony and display their talents in programs during the year. The talented males, chosen from the Choir, are: Eugene Groth, Paul La Marche, Stanley Miezio, Richard Novak, Jack Skudlarczyk, Gerald Fischer, Tom Firle, and James Strosian.

FASHION DESIGN

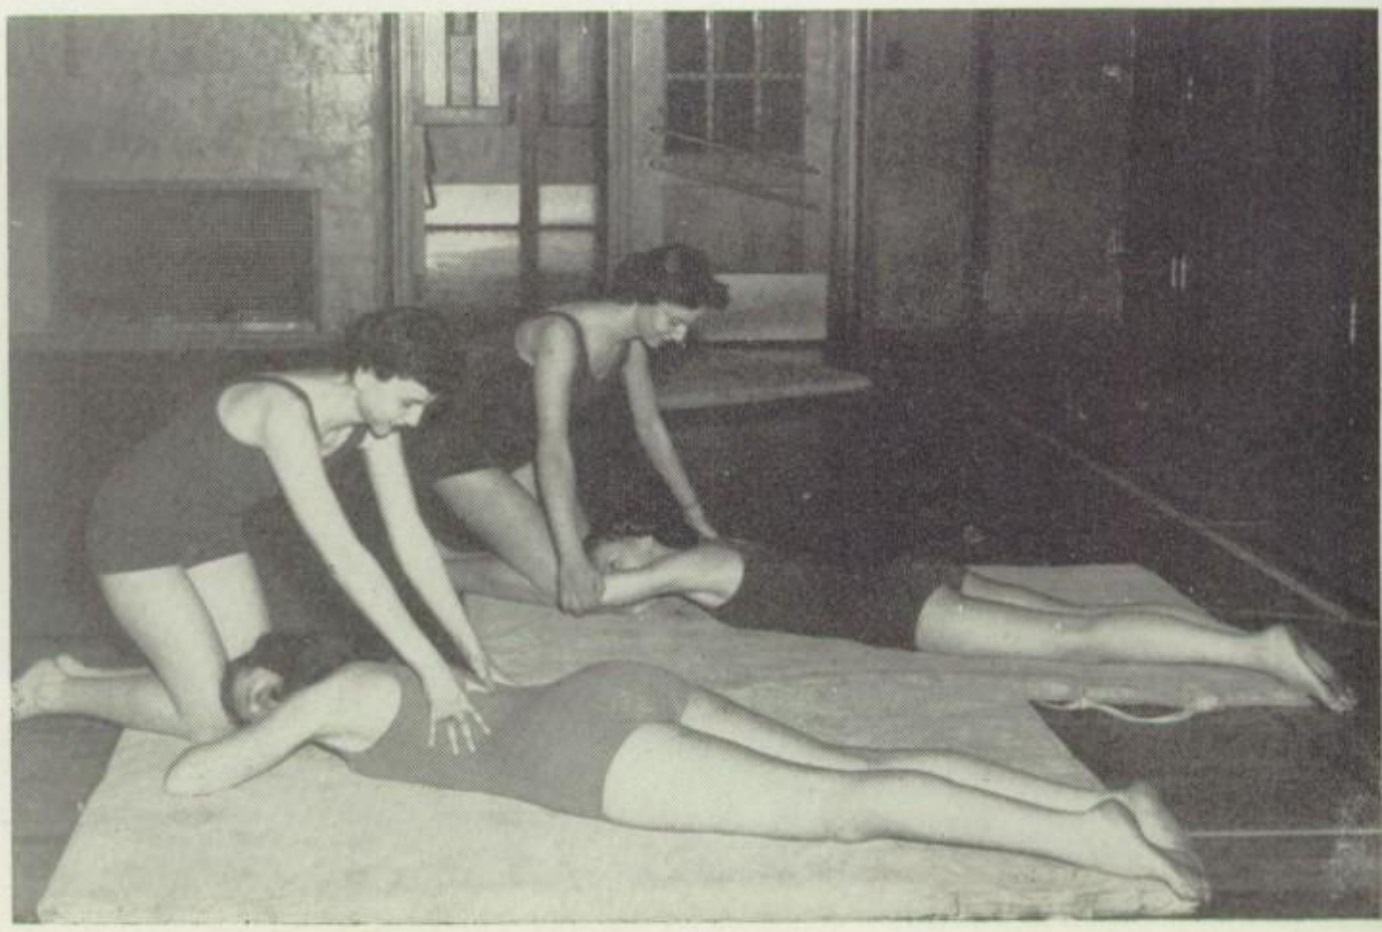
MISS RUTH LASSEN

The Fashion Design Club helps girls acquire inward and outward poise so that our school can truly boast of high B.Q.'s (Beauty Quotients) plus high I.Q.'s. The club concentrates on making manikin figures, hand painting of blouses, fashion drawing, and the discussion of up - to - the - minute fashions.

SENIOR LIFE SAVING

MRS. VIOLA HANCOCK

The Life Saving Club offers practice in breaks, carries, approaches and a new method of artificial respiration. Girls who plan on becoming life guards, camp counselors, or physical education majors and have an interest in swimming will find this training very beneficial.



TENNIS

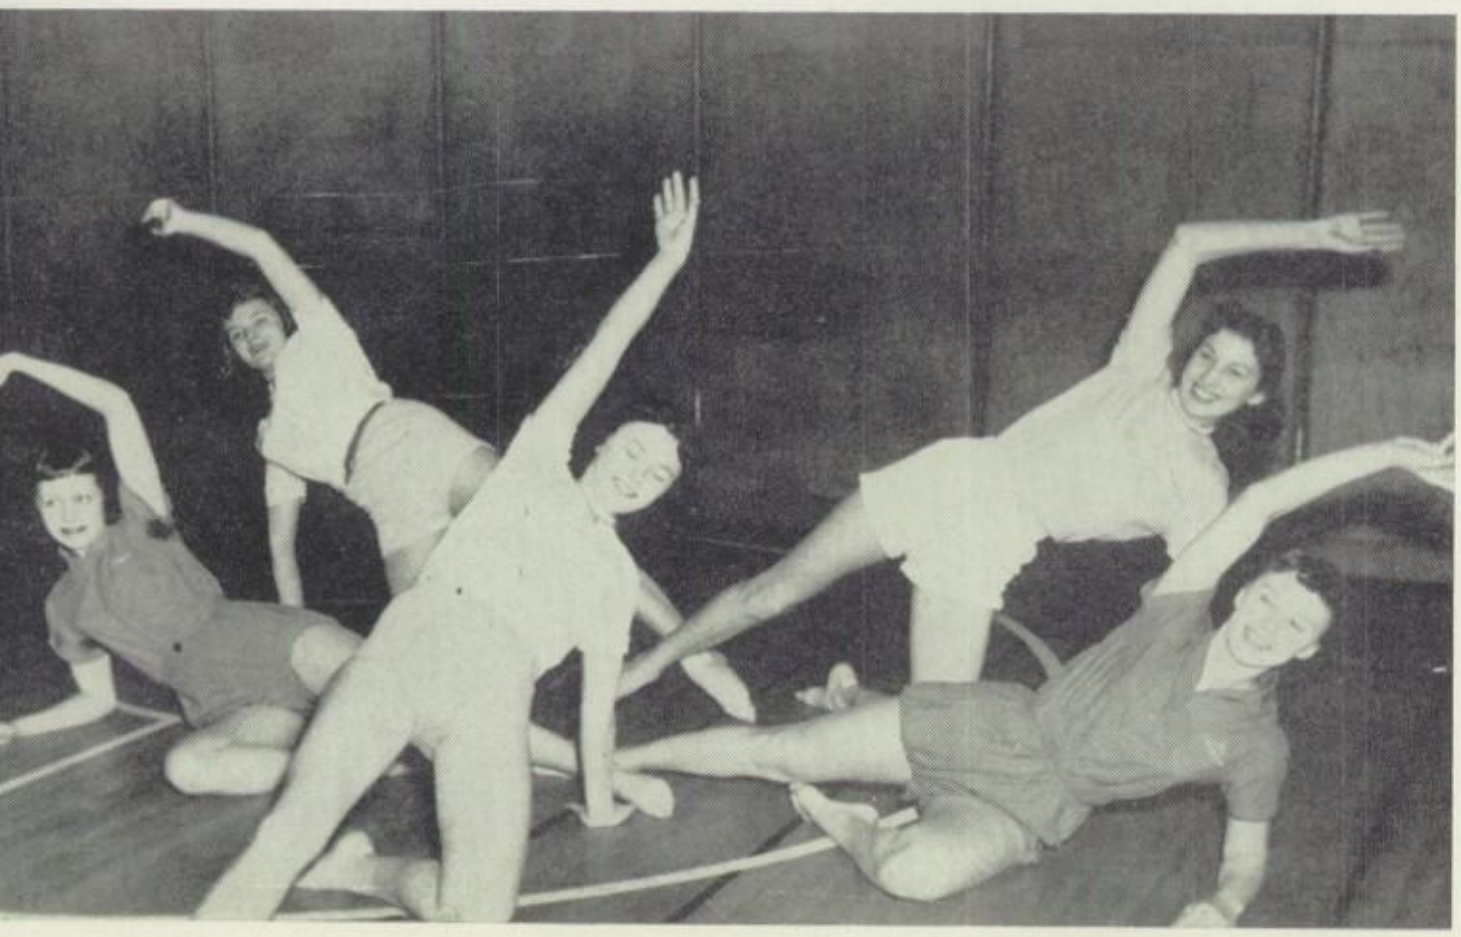
MRS. KATHERINE SCHUBERT

The Tennis Club teaches the fundamental strokes of the game and how to adapt these strokes to a tennis situation. Fall tournaments are conducted for players to match their skills. The 1952 singles tournament was won by Carol Zaharias who defeated Elaine Nadolinski in the finals, 6-4, 7-5.

RADIO

MR. GEORGE WINKLER

The Radio Club plans to erect a transmitting and receiving room on our fourth floor for use by those club members who are licensed radio operators. These members, in co-operation with other radio clubs, hope to establish a city-wide radio network which will stem from our own building.



MODERN DANCE

MRS. LA VERNE DOUGHERTY

Modern dancing, also known as interpreted dancing, consists of falls, leaps, jumps, and similar motions. Each of the 39 individuals enrolled interprets the music in his own way and dances accordingly. The members of this club contributed much to the success of last year's Vaudeville Show.

DECORATING COMMITTEE

The Decorating Committee for the prom "Coronation" will be composed of students of the junior class. They will decorate the gym floor with two thrones for the king and queen and the walls with Cinderella chariots and spring flowers. All the decorations were designed by Miss Ruth Lassen and her art students.

SQUARE DANCE

MR. GEORGE WINKLER

The Square Dance Club gives students a chance to improve their dancing techniques and to make new friends. Because square dancing is again becoming popular, this club provides more time to practice and to learn new dances. The snappy Texas Star is one of the square dances performed in the club.

GIRLS' ATHLETIC ASSOCIATION

MRS. LA VERNE DOUGHERTY

G. A. A. provides girls with an opportunity for more athletic activities than those provided in the regular gym classes and offers senior girls, who do not take gym, a chance to participate in sports. Tournaments are arranged for the "fairer sex" in tumbling, basketball, volleyball, badminton, and softball.

ARCHERY

MR. MATT WIELGOSZ

Boys and girls interested in archery set up targets behind our school for practice when the weather permits or work in the bicycle room during the winter months. The fundamentals of archery are taught to those who have no experience, but those who have had experience can perfect their techniques.

INTERNATIONAL

MRS. ROSA AYLWARD

The International Club went completely social this year. Their Folk Fair presented a program of French dances, a German play written by the students, Polish folk songs, a pantomime by the Spanish group, and a skit by the Latins. Their sidewalk cafe sold foreign pastries baked by the students.

STRING ORCHESTRA

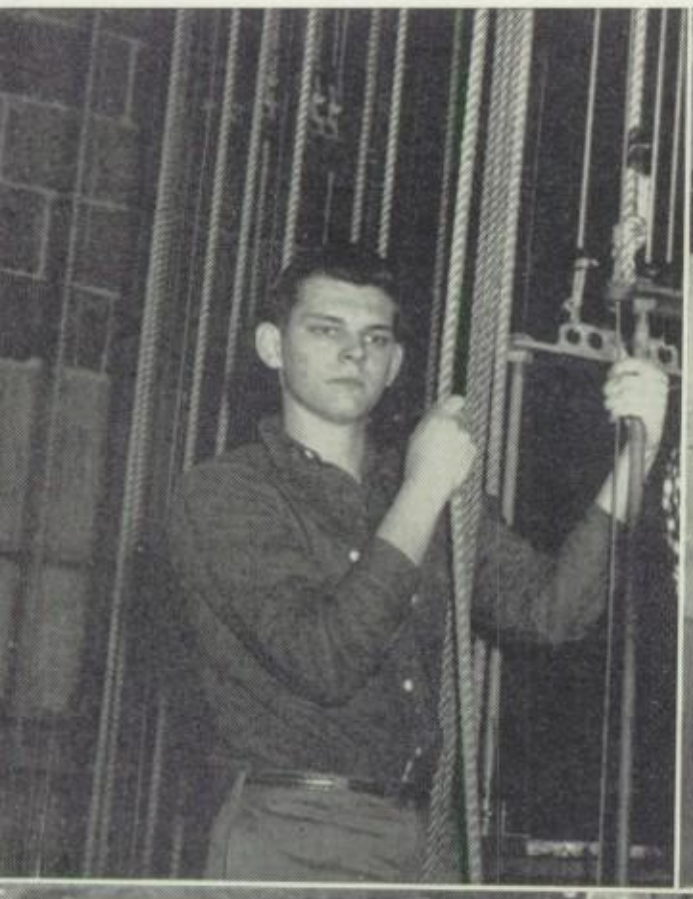
MR. EDWARD ZIELINSKI

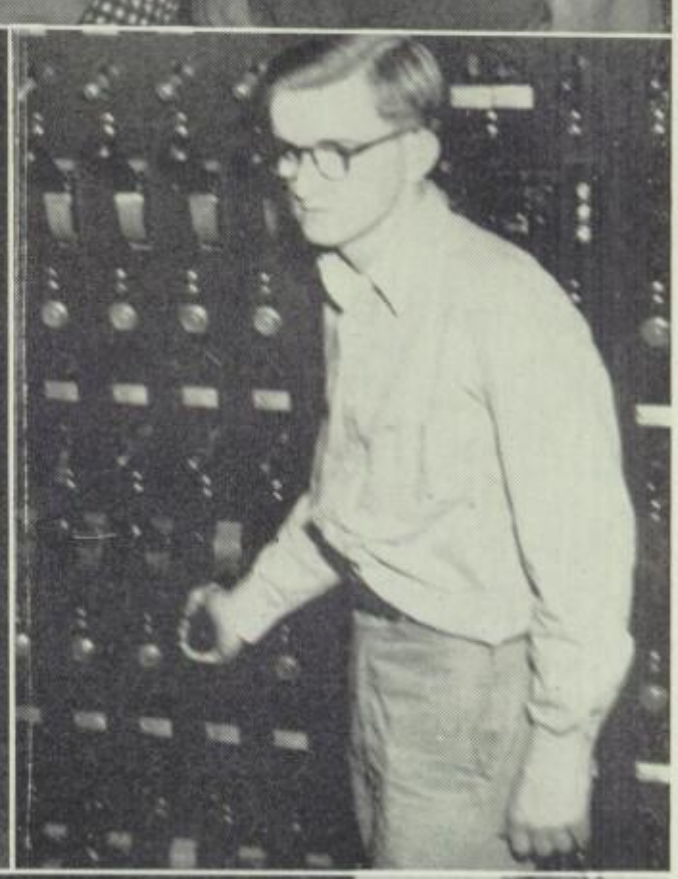
The String Orchestra, composed of two-thirds of the senior orchestra, performs without the support of the wind instruments. They have gained great fame with such compositions as the **Pizzicata Polka** and **Holiday for Strings.** Ensembles are formed from various string sections and entertain at social centers.

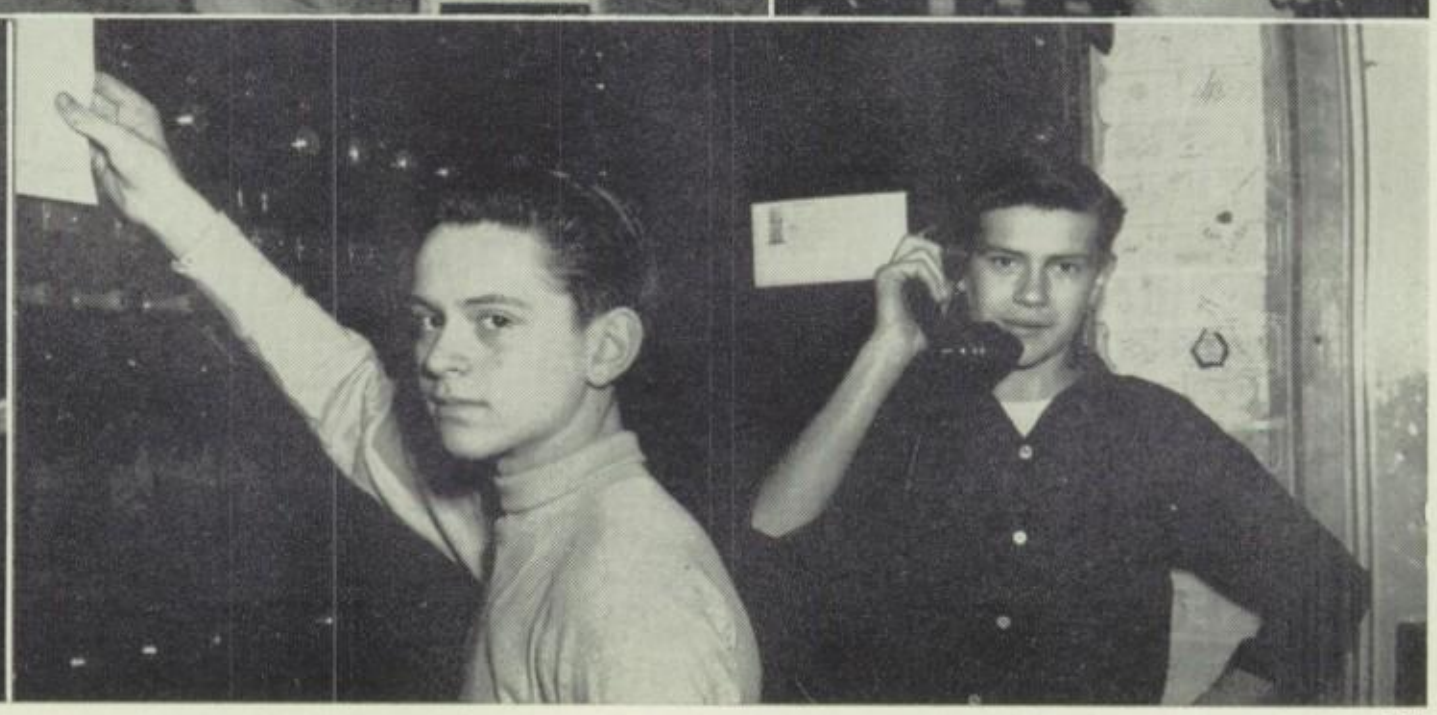
WE HAVE FUN, TOO

STAGE AND PROJECTION CREWS

The stage crew, under the supervision of Mr. Leonard Schmidt, makes the wheels turn for most of our school activities, such as the Spring Concert, Class Play, or pep rallies. Mr. George Winkler's projection crew is also responsible for the success of programs. They regulate the lights and run the movies at noon hour programs as well as perform other duties. These two groups make all programs enjoyable.







CAFETERIA

To the majority of students and teachers alike, the fourth and fifth hour lunch ranks as the favorite period of the day. The cafeteria serves primarily as a place to eat, but it is also a meeting place where students can get together and talk. The teachers and students have the privilege of obtaining a hot plate lunch and milk for only a slight charge or ice cream and candy for their sweet tooth.

WORK AND PLAY

HER FRIEND THE KING

by A. E. Thomas and H. Rhodes

ACT I

Prior to the rise of the curtain, Raimon, hereditary king of Constantia, was forced to abdicate his throne after a bloody revolution. Raimon was forced to flee with his fourteen-year old motherless daughter, the Princess Lydia, her governess, Miss Mary Bidgerton, his secretary, Scarlotti, and his court chamberlain, Count Churak, to the haven of deposed royalties, Switzerland.

Both the ex-king and his daughter are far too debonair to please their loyal and devoted servitors, the prim, old-fashioned governess, proud of her own station as the cultured daughter of an English rector, and the elderly count, who has vainly tried to uphold the traditional Constantion royal protocol ever since Raimon, a gay playboy prince, lost his heart to the beautiful and vivacious American heiress, Carla Kildare, at Nice before his politically-arranged marriage to his queen.

Lydia rebells against her proposed marriage to the young Prince Alberard, whom she has never seen, but already hates. The unexpected arrival in Montreaux of Raimon's youthful sweetheart Carla, now a plutocratic and dashing widow, Mrs. Hastings, who after a mysterious conversation with the sauve Scarlotti, rushed the princess and the disapproving Miss Bidgerton off to the Riviera. Prince Alberard, "a charming young man," arrives after their departure and some royal intrigue begins.

ACT II

Complications begin at the Hastings Villa at Menton on the Riviera. Scarlotti comes on a secret mission to Carla with news of the new turn of affairs in Constantia and the prospect of either the scarlet triumph of the royalists or black menace of the radicals. Miss Bidgerton has her worries with the shocking behavior of Princess Lydia, who is meeting a strange young man whom she later introduces to her hostess as an American. Mrs. Hastings finds him astonishingly ignorant of American geography. Who's this imposter? Her plans to "unmask this fraud" are most displeasing to Miss Bidgerton.

ACT III

Jealousy of Raimon and his daughter occurs over the flirtation of "Mr. Joness" and the widow. Count Churak arrives with state news of vital importance and the grand climax of Scarlotti's amazing role in the plot is revealed.

ACT VI

Moonlight on the Riviera engenders a new romance at the Miramar, and in the end the playboy King shows that he has real royal finesse in gaining both his desires, while the Princess decides that she can love a prince after all.

JUNIOR PROM

The Junior Prom was a "Dreamer's Holiday" for all Pulaskians attending. Class sponsors Miss Philipkowski and Mr. Thurner, the Prom Planning Committee, and the art staff, under the direction of Miss Lassen, all worked together to make the Junior Prom a night that will linger in our memory. The grand march was led by the King, Lee Drosen, and his Queen, Suzanne Rostankowski, and the members of the court of honor: Norman Jordan, Karen Nordstrand; Paul Scharmach, Joyce Mika; John Weisto, Patricia Muschinski; Paul La Marche, Nancy Breske; Bob Snedigar, Alice Nowakowski; Wayne Chaney, Elaine Truel; Gordon Bradshaw, Jean Frauenfelder; Syl Racinowski, Mary Ann Rozeski; Jim Litzau, Joanne Przeworski; Bob Dzioba, Eileen Floo; Walter Smikowski, Betty Schumacher. The Post-Prom, sponsored by Layton Park Lions Club and General Electric Corporation, took place at the Serbian Hall and filled the evening with more good music, delicious food and delightful entertainment. We shall ever remember the enchanting music of Ray Block's Orchestra and the strains of "I'll See You In My Dreams."

Row 2: A. Gehrke, G. Schulist, S. Gorzalski, J. Skowronski, W. Bach—Engineer. *Row 1:* H. Banaszak, A. Kucharski, E. Nowak, G. Armschadt, B. Borkowic, N. Krueger.

MAINTENANCE DEPARTMENT

The men and women of the maintenance department are continually on the job working to improve our building and our campus. There is always snow to be shoveled, grass to be cut, or rooms and corridors to be cleaned. This crew's "behind-the-scenes" contributions are greatly appreciated by us all.

Our Business is to promote practical thrift in individuals by providing a convenient and safe method for them to save or invest money with earnings.

Home Loans are made to the family man who builds or buys a home, or for repairing, enlarging, modernizing an existing home, or refinancing a mortgage. Terms most reasonable.

Check our Financial Statement. It represents thousands of happy insured savers and investors and hundreds of families now paying for their homes the "Security Way" to clear-of-debt ownership.

What is there about a Foundry?

That makes men willing to spend a lifetime close to the hot metal. The making of cores and molds, filling them with hot metal, and finishing the solidified castings for vital parts in the complex machinery of our modern civilization gives full play to the constructive instincts of man.

The worker in our foundry gets the feel of accomplishment, sees where his work fits into the picture of the fast moving life of today. At Motor Castings where we specialize in a high quality product requiring careful workmanship along with volume production — air-cooled cylinders, diesel engine parts, and high strength or high precision castings — the right combination of teamwork and individual initiative is at a premium. While the day by day work is varied and full of interest, the future offers unlimited possibilities for men ambitious to make headway in the metal working field.

Our employees are partners in our earning capacity through their participation in our Profit Sharing Plans established in 1950. Every employee on the payroll October 1 of any year receives in cash his proportionate share of the distribution under the Cash Profit Sharing Plan. After one year with us he also participates in the Profit Sharing Retirement Trust. Both plans are financed from 25% of our net profits BEFORE taxes, dividends, and reserves for improvements. Thus a workman who stays with us gets to have a sizeable stake in our earning capacity. High School graduates will find in our foundries and office, opportunities to use their talents for advancement in one of America's basic industries.

ACKNOWLEDGMENTS

Jim Stark and Jim Gelhaar of Collins Studio and Senior Staff Photographers David Graf and Kenneth Jens did the Senior Pictures and group pictures and some of the candid shots. Allen Swiertz was in charge of the dark room and did most of the printing and developing. The Milwaukee Journal and Milwaukee Sentinel contributed some of the special shots for the annual.

The Sells Printing Company, headed by Mr. Lester Krebs, again did the printing this year. The engraving was done under the direction of Mr. Roy Stouthamer of the Premier Engraving Company. Book binding was done by the Bookcraft, Inc., under the direction of Gil La Vasser.

Miss Ruth Lassen assisted Patricia Muschinski, Ronald Bykowski, and Gordon Dombrowski with the art work. The cover was designed by Patricia Muschinski.
